

National Conference on Applied Mathematics and Didactics

NCAMD2021

June 19, 2021

Objectives

National Conference on Applied Mathematics and Didactics (NCAMD2021) aims:

- To bring together researchers and doctoral students to exchange and share their experiences and research results on all aspects of Applied Mathematics and didactics.
- To provide an interdisciplinary platform for researchers in different national universities to present and discuss the most recent innovations, results, and concerns as well as practical challenges encountered and solutions adopted in the fields of Applied Mathematics and didactics.

- To promote scientific exchange and discuss possibilities of further cooperation between researchers in different national universities.

Topics

- Differential Equations
- Numerical Analysis
- Number Theories and Applications
- Didactics of Mathematics
- Functional Analysis
- Difference Equations
- Probability and Statistics
- Dynamical Systems and Chaos
